REPORT OF THE BUILDING INSPECTOR

Fifty-six permits were issued the past year. Of these fifty-six permits, twelve were for new homes, nine for summer cottages, including one motel. Eight permits were issued for trailer foundations to also become permanent homes. The balance were for alterations, additions, and garages. As the year ends we find Chesterfield still growing, with homes for twenty new families available when completed.

Respectfully submitted,

GEORGE E. JOSLIN

REPORT OF THE CHESTERFIELD LIBRARY

To the Trustees of the Chesterfield Library:

1965 was another fine year for the Chesterfield Library. Again this year the number of patrons using our facilities increased. We had 115 adult patrons and 139 juvenile patrons using the library this year. Our circulation also increased this year. It has been a pleasure to meet our new patrons and also to meet the many visitors that came to the library the past year.

I would like to thank everyone who donated books to the library this year, particularly Mrs. Alene Selchow and Mrs. Morris Friedsam.

The State Bookmobile serviced the library very well this year. I would like to thank Mrs. Paul Penning for meeting the Bookmobile when I was unable to be there.

PROCEEDINGS OF THE ANNUAL MEETING OF THE SPOFFORD FIRE DISTRICT, MARCH 11th, 1965

The annual meeting of the Spofford Fire District was held at the Spofford Village Hall. Meeting was called to order by the Moderator Kenneth R. Wiggin at 8:05 p.m. The Warrant was read by the Clerk.

Article 1. To choose a Moderator for the ensuing year.

Motion made by George E. Joslin Sr., seconded by John L. McKeon that the clerk cast one ballot for Kenneth R. Wiggin to serve as Moderator for the ensuing year. Vote was in the affirmative.

Article 2. To choose a Clerk for the ensuing year.

Motion was made by John L. McKeon, seconded by Ronald T. Guyette that the Moderator cast one ballot for Otto S. Schlichting to serve as clerk for ensuing year. Vote was in the affirmative.

Article 3. To choose a Commissioner for three years (1965-66-67.)

Motion was made by George E. Joslin Sr., seconded by Ronald T. Guyette the clerk cast one ballot for Arvid W. Pearson to serve as Commissioner for three years (1965-66-67.) Vote was in the affirmative.

Article 4. To choose a Treasurer for the ensuing year.

Motion was made by John L. McKeon, seconded by George E. Joslin Sr., that the Moderator cast one ballot for Otto S. Schlichting to serve as treasurer for the ensuing year. Vote was in the affirmative.

All elected officers took the oath of office administered by the Moderator.

Article 5. To see if the District will vote to raise the sum of $750.00 to put a 1000 gallon tank on the F.W.D. (white) truck.

Chief Coordinator Robert C. Callahan of the S.W.N.H. Fire Mutual Aid system voiced his objection to the idea. After some discussion Ronald K. Haigh made the motion, seconded by Ronald T. Guyette to amend the article as follows:

"To see if the district will vote to raise the sum of money not to exceed $750.00 to put a 1000 gallon tank on the F.W.D. truck, depending on the results of a study committee appointed by the Moderator, to determine the feasibility of making this addition

within the allowable specification for the truck frame. Vote was in the affirmative.

Ronald T. Guyette made the motion, seconded by John L. McKeon to accept Article 5 as amended. Vote was in affirmative.

Article 6. To see if the District will vote to raise the sum of $650.00 to purchase 500 ft. of 2½ inch Dacron hose.

John L. McKeon made the motion, seconded by Ronald K. Haigh, that Article 6 be accepted as read. Vote was in the affirmative.

Article 7. To see if the District will vote to adopt the Budget and raise money for same or act thereon.

George E. Joslin Sr. made the motion, seconded by John L. McKeon, to add $75.00 to the $400.00 for Liability Insurance, to add Collision Insurance on the trucks. Vote was in the affirmative.

Ronald K. Haigh made the motion, seconded by George E. Joslin Sr. that Article 7 be accepted as amended. Vote was in the affirmative.

Article 8. To see if the District will vote to authorize the Commissioners to borrow money in anticipation of taxes to pay current expenses.

Warren G. Allen made the motion, seconded by Robert C. Callahan to accept Article 8 as read. Vote was in the affirmative.

Article 9. To transact any other business that may legally come before said meeting.

The committee appointed by the Moderator at last year's meeting (1964) were: Albert N. Skinner, Albert G. Bradstreet, Robert C. Callahan and they brought in this report, the cost of building an addition to back of hall at $7.50 per square ft. would be around $3,000.00 plus new heating plant. It would also be impractical to make turn to go up Atherton Hill Road. Motion was made by George E. Joslin Sr., seconded by John L. McKeon, "To have the Committee continue with their study, as to cost and feasability of changing front entrance to upstairs hall to side of Atherton Hill Road and to add another large door to front of building. Vote was in the affirmative.

A motion was made by Robert C. Callahan, seconded by John L. McKeon: "To have the Study Committee and the Commissioners look into the possibility of acquiring some more land from David N. Coleman on the side of Village Hall towards the Keene Road. Vote was in the affirmative.

The Moderator appointed the following men to serve on the

study committee to look into the feasability of putting a 1000 gls. tank on F.W.D. truck: Chief engineer Ronald T. Guyette; Asst. engineers: Lawrence W. O'Kelly, Donald G. Fuller, Albert G. Bradstreet, Albert N. Skinner.

Meeting adjourned 9 p.m.

SUPERINTENDENT'S REPORT

TO THE CHESTERFIELD SCHOOL DISTRICT

Good teaching and good teaching facilities affect eternity;

no one can tell where the influence stops.

Enrollment estimates made before the school district meeting last year materialized as expected and part of the auditorium-school lunch room had to be used as a classroom. Only the excellent scheduling ability of your principal enabled the continuation of the school lunch program.

The same situation faces the district this year, with enrollment estimates indicating the need to have thirteen classrooms for 1966-67, fourteen for 1967-68, and fifteen for 1968-69. One cannot measure the harm that is being done by having pupils in a substandard classroom.

If the decision is to continue to have grades one through eight in Chesterfield and it appears that this is the choice of the district, immediate steps should be taken to build additional facilities that will provide an educational program to educate your children on as nearly a competitive basis as possible.

There are some problems. One of them is the question of an adequate water supply and as you probably know, the supply was found to be contaminated in September, 1965 and is now being chlorinated.

When the budget was presented, the estimated sweepstakes income was $11,666. The actual receipt was $7,587. This deficit was partially overcome by having a larger balance ($6,516.85 vs. $5,000); however, the amount to be raised by taxation increased from $170,102 to $172,765.33.

Increased enrollment has made it necessary to increase transportation service by having an additional short run.

The three-year transportation contract expires June 30, 1966 which made it necessary to seek bids for a new contract. The low bidder was Henry C. Chickering, Jr. at $10,500; this is an increase of slightly over $1,000 from our present costs.

On several occasions, the school board has received requests to increase transportation services because in some cases parents considered walking to be too dangerous or in other cases because they considered the distance sufficient to require transportation. State law requires transportation of elementary pupils if they live more than two miles from the school in which they are assigned.

In order to clarify transportation policy, the school board is including an article in the warrant. This will provide an opportunity for the district to instruct the school board in regard to a policy that is in keeping with the wishes of the district.

Under Title I of Public Law 89-10, federal funds in the amount of $3,227.04 are available to Chesterfield if an approved educational project was submitted. A project was approved and the district voted to accept and use the funds. This project is

explained in more detail in the principal's report.

On October 1, 1965, Supervisory Union No. 5 ceased to exist and the school districts of Acworth, Charlestown and Langdon became members of Supervisory Union No. 60. At this time, it was understood that the enlarged Supervisory Union No. 60 would only function until June 30, 1966; however, due to some objections of the planned changes for July 1, 1966, the State Board of Education voted to have Chesterfield and Westmoreland continue as members of Supervisory Union No. 60 at least until further study could be made of the objections that now exist.

The school board's budget is $225,670, an approximate increase of $32,000. This is also the approximate increase of the amount to be raised by taxes. This is a considerable amount. Why is it necessary? Taking the larger increases; first, teacher salaries, which is simply the law of supply and demand. If you want to be able to get and retain good teachers, you have to pay the competitive price for their services. Second, principal of debt has increased because we have reached the end of the amount in the old building fund that has been used to keep this figure down. The third large increase is tuition. The price per pupil has gone up and also the number of pupils. The total increase for these three items is $28,376. You certainly can't avoid the obligation of debt or tuition, and if you reduce teacher salaries and get poor teachers as a result, you are throwing away the money you spend on the rest of your budget.

CHESTERFIELD SCHOOL LUNCH PROGRAM REPORT

July 1, 1964-June 30, 1965

The hot Lunch Program opened September 14, 1964, with Mrs. Louise Scharles as Manager and Mrs. Elli Herrick as her Assistant.

The reimbursement rate from Federal Funds remained at 4¢ for each Type A meal served to Children.

Due to reduction of the reimbursement rate from 5¢ to 4¢ from Federal Funds, since January 1964, the School Board decided to

increase the price 1¢ per meal from the beginning of this school year.

Under the Special Milk Program, we received 4¢ reimbursement for each ½ pint of milk served.

Each day we serve from 195—285 balanced meals.

Menus of the School Lunch Program are made up in advance for the entire month and copies are given to each child and teacher; thus the parents know what the children are eating each day. Children are served portions in accordance with their ages and recommendations of their teachers. Children with good appetites can return for second servings.

Thanksgiving Day and Christmas Turkey Dinner with all the trimmings were served with the extra help of Mrs. Ethel Mills.

From the Government we received Surplus Commodities, which made it possible to keep up the rate of 26¢ a meal.

The Lunch Program was managed without financial help from our township except for large equipment.

Our Principal Mr. Robert Bellavance and his staff were always helpful supporting our program. I wish to thank them all and also Mrs. Elli Herrick, my assistant, for helping to make the Lunch Program a success.

Respectfully submitted,

MRS. LOUISE SCHARLES

PRINCIPAL'S REPORT

To the Citizens of Chesterfield,

The 1965-66 school year began with a large influx of students. For the first time, Chesterfield has reached and surpassed the 300 enrollment figure. Our beginning enrollment of 309 was 22 over the September enrollment of a year ago and 31 over the

figure at the time of our school district meeting. Though at this time we have only 308, there is little doubt in my mind that we will have attained our high of 314 again by June.

The increase in enrollment has brought about additional problems in feeding of the children, in passing from one class to another, and in placement of students for reading and arithmetic. Our auditorium has also been made all but useless in regards to educational assemblies, physical education, play rehearsals, adequate lunchroom space, and as a facility to be used for testing or other purposes. This was brought about as a result of finding it necessary to use the auditorium as a classroom.

To minimize the bad effects (constant interruptions, noises, etc.) all the students in grades 7 and 8 spend part of their day here. Needless to say this represents additional student movements which further complicate matters by adding to the congestion. However, with all things taken into consideration, the total school program is functioning as well as could be expected under the circumstances.

Faculty

Once again we were placed in a similar situation this year as we have experienced in the past five years. With a staff of 13 we have 6 new teachers, 5 of whom did not have any experience. However, with the hard work on the part of Mr. Elliott Keach, our superintendent of schools, we were able to find excellent replacements.

The following vacancies were filled for the school year 1965-66: Mrs. Regis Lysitt replaced Mrs. Ruth Joslin, Miss Beverly Kovacs replaced Mrs. Jean Blastos in grade 3, Miss Diane Parks replaced Miss Susan Colby, Mrs. Geraldine Dunn replaced Mrs. Judith Seaver, Mrs. Jean Blastos filled a new position in grade 5, Mr. Lawrence Jackson replaced Mr. Herman Chase, and Mr. Martin Fitzgerald filled a new position in grade 8.

With the elimination of one second grade and the creation of two new positions caused by the larger grades moving up, one additional teacher was hired.

TITLE I

The Federal Education Act of 1965 has made large sums of money available under Title I to any school wishing to apply. With the money made available to us we have been able to hire a teacher on a half day basis for the remainder of the 1965-66 school year to work with 20 children in grades 1-3. Palns call for the teacher to work with the children for a period of ½ hour or

more in groups of 2 to 5 in size. Subject areas to be covered are reading, phonics, and arithmetic.

Grades 1 through 3 were chosen because they are considered to be the most important years of a child's elementary education. With this in mind we feel we should concentrate our time and effort on these grades to correct difficulties before they become more deeply rooted and before children become discouraged. As a result we have hopes that many problems will not appear in later grades.

In addition we have hired a testing group from Keene State College to give each child a complete comprehensive testing and to give us in their individual evaluations the needs of each child. With this knowledge we hope to buy special materials and to determine just what approach we should use with each student, thereby developing a program around the needs of the individual child.

Our aim in this program is to create a situation whereby students who are having problems will receive as much individual attention as possible. The result should be a greater degree of success on the part of the student which in turn should make him more able to cope with the materials of more advanced grades.

WHAT ARE OUR NEEDS?

As a school grows in size and complexity, more is necessary to meet the individual needs of the students, the teachers, and other school personnel. It is not enough to run an elementary school and give only the very basic elements of education. Too often we think of education as it was fifteen, twenty, even fifty years ago. Though we like to think back to what we did as a child, we must remember those times are past. Today, one must meet the needs of today just as a contractor needs the latest in materials and equipment to remain competitive, or a community must have the latest in fire fighting equipment to receive the lowest insurance rates. One does not have to look far to find other examples.

What is true in one's home, one's community, or one's business is also true in the community school. As a community develops, its needs become more apparent. This is also true with the school. Here in Chesterfield our needs have become clearly defined. We need an adequate library, an adequate music and art program, adequate lunchroom and kitchen space, adequate playground facilities, adequate classroom space before, not after the need is there, an adequate guidance program, and an adequate physical education program.

More important than the needs already mentioned, is the need for greater interest on the part of the community to make an effort to keep an efficient and experienced staff. It is not enough to say that they would have left anyway, or that we couldn't afford to pay them in a year or two. Good teachers are a commodity today just as much in demand as a new automobile, a new home; or, as in Charlestown, a community physician. More than any building program, more than new books, or other teaching materials, we desperately need to keep our good teachers. They are irreplaceable.

Respectfully submitted,
ROBERT BELLAVANCE
Principal

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely despose of rubbish preferably at the town dump. If you must burn rubbish or brush;
   a. Always get a permit to burn from the warden.
   b. Start your fire late in the day after 5:00 P.M.
   c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.
